

School Charter 2017-2019

'Ka whānau mai te pēpi, Ka takaia ki te harakeke.

Ka noho te harakeke, hei kākahu, hei rongoa, hei mea tākaro, hei oranga mōna a mate noa ia.'

When a child is born they will be wrapped in the muka cloth made of flax. The flax shall provide clothing, medicine, toys for play and leisure and shall provide the means for living and survival health and wellbeing throughout their life's journey.

Ko wai mātou? Who We Are?

Victory Primary School is a Decile 2 school providing quality education for children in Years 1-6 in both English (15 classes) and Māori mediums (4 bilingual classes). The school has a dynamic multicultural roll of up to 420 students. We have a total staff of 80, reflecting the diverse nature of our school campus programmes.

Victory Primary School is located in the vibrant urban Nelson community known as Victory Village and has a very positive profile as a proactive, innovative school that 'enrols the whole family'. Our children achieve when cared for by supportive families, which in turn, do better when they live in vital and supportive communities. Enhancing connections within families and between families and relevant agencies/institutions also improves outcomes for children and their families, and the school's partnership with many agencies is productive and strong.

Victory Primary School operates seven days a week from 7am to 10pm with adult education, pre-school and after-school care, and English-language classes. A wide range of activities operates from the Community Centre on the school site to enhance community health and wellbeing. The school has an extensive range of Ministry of Education- and Board of Trustee-operated teaching spaces with recent property development allowing for greater community use of campus facilities.

The school is recognised for its variety of programmes, strong kapahaka, music, art, science, environmental and sporting involvement. The Board of Trustees, and Whānau Rōpū have positive roles in the school's current and future direction. We strive to provide the best possible learning environment where all students will make progress and achieve successful outcomes.

Victory Primary School believes that the purpose of schools is to support families and communities to educate young people. This means valuing parents as first teachers and working collaboratively, being open to others on our campus, having a strong presence within our community, and tapping into the resources in our community to enhance our children's opportunities and learning.

Our Vision

Kia Toa - Be Victorious

To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond to achieve to their potential. We use high quality teaching pedagogy to provide the best learning outcomes by both challenging and supporting our students in an environment of mutual trust and respect.

To grow confident citizens, positively engaged and embedded in their identity, language, culture and community. We weave our responsibilities under Te Tiriti o Waitangi throughout our practice. We celebrate our diversity and provide an environment that is safe and inclusive.

To be a responsive, values-based, educational organisation that adapts to and supports our people.

Our Purpose

We provide a culturally dynamic learning community that provides the best environment to nurture lifelong development and wellbeing by building upon the strengths of our community so that all our students will achieve to their potential.

Our Values

Manaakitanga - Respect

Manaaki embodies the concepts of mana (authority) and *aki* (urging someone to act quickly). Manaakitanga describes the immediate responsibility and authority of the host to care for their visitor's emotional, spiritual, physical and mental wellbeing.

In the learning context these understandings encompass the need to care for children and young people as culturally located human beings through providing safe, nurturing environments. In the New Zealand setting, these understandings also need to be extended to include developing and sustaining language, identity and culture to ensure all students have the opportunity to learn and experience education success.

Whanaungatanga - Responsibility

Whakawhanaungatanga is the process of establishing links, making connections and relating to the people one meets by identifying in culturally appropriate ways, whakapapa linkages, past heritages, points of engagement, or other relationships. Establishing whānau connections is kinship in its widest sense.

The concept of whanaungatanga describes the centrality of extended family-like relationships and the “rights and responsibilities, commitments and obligations, and supports that are fundamental to the collectivity.” Whanaungatanga also reaches beyond actual whakapapa relationships and includes relationships to people who, through shared experiences, feel and act as kin. Within this type of relationship, in receiving support from the group, there is a responsibility to provide reciprocal support.

Hiringa - Perseverance

Students with a strong belief in their capacity to achieve are more likely to set themselves challenging goals and put a high degree of effort into achieving them. Research has shown that the most motivated and resilient students are those who believe their abilities can be developed through their own effort and learning.

Mahi Tahi - Unity

Mahi tahi describes the unity of people working towards a specific goal or the implementation of a task. It is the act of carrying out the task or activity for which you have come together in a common purpose. Working together as a group in a ‘hands-on’ way is referred to as mahi tahi. Power is shared and learners have the right to equity and self-determination.

The solidarity that mahi tahi engenders in a group of people is powerful and this kind of relationship is known to sustain itself well after the goal has been fulfilled or the project has been completed (Berryman, 2014).

Commitment to the Treaty of Waitangi

Victory Primary School is committed to the Treaty of Waitangi principles of partnership, participation, and protection:

Partnership

We communicate with and listen to our community, the community tells us what it wants and needs, we work in partnership to make the school a safe, welcoming place of successful learning.

Participation

Our community is involved at all levels: in decision-making, planning, development, teaching, and support of the academic, sporting, cultural, and social curriculae.

Protection

Our 'student achievement support system' is unique. We provide and work with agencies that wrap around students to support their physical, mental, emotional, spiritual and social development and learning.

The rights and duties that stem from the principles of the Treaty include ensuring the position of Māori is considered fairly when developing policies and funding. The Treaty provides a context for the relationship between the Crown, iwi and Māori. Ensuring Māori students enjoy and achieve education success as Māori is a joint responsibility of the Crown (represented by the Ministry of Education and other education sector agencies/departments) and iwi, hapū and whānau.

Victory Primary School - Strategic Aim Section 2017

STRATEGIC PLAN 2017 to 2019

As a result of community consultation, the analysis of school wide data and information, the analysis of variance and the self- review process our board has identified the following Strategic Aims:

Strategic Aim	Annual Objectives 2017	Annual Objectives 2018	Annual Objectives 2019
<p>Victory Primary School is committed to working collaboratively to meet the regional challenges identified by the Nelson CoL.</p>	<p>Develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.</p> <p>1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga</p> <p>1.2 Ensure the progress and achievement of students who are achieving well below National Standards/ Ngā Whanaketanga</p> <p>1.3 develop links between the vision and graduate profile for English Medium using the key competencies</p>	<p>1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga</p> <p>1.2 Ensure the progress and achievement of students who are achieving well below National Standards/ Ngā Whanaketanga</p> <p>1.3 Consolidate links between the vision and graduate profile for English Medium using the key competencies</p>	<p>1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga</p> <p>1.2 Ensure the progress and achievement of students who are achieving well below National Standards/ Ngā Whanaketanga</p> <p>1.3 Embed links between the vision and graduate profile for English Medium using the key competencies</p>

		Indicators of Progress	Indicators of Progress	Indicators of Progress
		<p>1.1 Most students set learning goals independently and know what to do to achieve them.</p> <p>1.2 Some students set learning goals with support and work towards achieving them.</p> <p>1.3 Share and build into our VPS programme the vision and graduate profile for English Medium using the key competencies</p>	<p>1.1 Students set quality learning goals confidently, and know what to do to achieve them.</p> <p>1.2 Most students set learning goals with support and work towards achieving them.</p> <p>1.3 Implement our VPS programme the vision and graduate profile for English Medium using the key competencies</p>	<p>1.1 Students consistently set quality learning goals confidently, and know what to do to achieve them.</p> <p>1.2 Most students set learning goals with support and work towards achieving them.</p> <p>1.3 Embed our VPS programme the vision and graduate profile for English Medium using the key competencies</p>
	Strategic Aim	Annual Objectives 2017	Annual Objectives 2018	Annual Objectives 2019
	Grow confident citizens, positively engaged and embedded in their language, identity, culture and community.	<p>2.1 Consolidate and implement our school-wide beliefs through the Treaty of Waitangi.</p> <p>2.2 Review the culture of the school using the wellbeing in school tool</p> <p>2.3 Review learning connections with</p>	<p>2.1 Student Achievement Function (SAF) Culturally Intelligent, Inclusive Learning Environment</p> <p>2.2 Develop the culture of the school using the wellbeing in school tool</p> <p>2.3 Develop learning connections</p>	<p>2.1 Student Achievement Function (SAF) Developing Culturally Intelligent, Inclusive Learning Environment</p> <p>2.2 Consolidate the culture of the school using the wellbeing in school tool</p>

NB: All the BoT governance responsibilities in relation to the NEGS/NAGS are outlined in the VPS Governance Framework.

Annual Objectives Section 2017

Strategic Aim 1: To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

Annual Objectives:

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga

1.2 Ensure the progress and achievement of students who are achieving well below National Standards/ Ngā Whanaketanga

1.3 Develop links between the vision and graduate profile for English Medium using the key competencies

Strategic Goal 1: To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

1. Annual Objective(s):

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga

What evidence data shows

Baseline data: Analysis of school wide reading data in November identified 39/134 (29%) of English Language Learners (ELL) achieving below expectation. Of the total cohort of ELL (2016) ākonga, 76/134 (57%) reached expected achievement levels 19/134 (14.%) were well below the National Standard for their year.

Analysis of school wide reading data in November identified 13/24 (54%) Year 5 ELL ākonga achieving below expectation.

Of the total cohort of Year 5 (2016) ākonga, 9/24 (38%) reached expected achievement levels. 2/24 (8%) were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Reading Target:

All Year 6 ELL ākonga 13/24 (54%) who were *below* the standard at the end of the year will make *more than* one year's progress in relation to the reading standard at the end of the next year.

ERO Indicators - Domain 6: Evaluation, inquiry and knowledge building for improvement and innovation

The New Zealand Curriculum and *Te Marautanga o Aotearoa* emphasise teaching as a process of inquiry, and the importance of professional leaders and teachers having the expertise to inquire into practice, evaluate its impact on student outcomes and build organisational and system knowledge about what works.

Term 1:		Term 2:		Term 3:		Term 4:	
Implementation / Action (What we will do)				Evaluation (How will we know if we are succeeding?)			
Action:	Resources:	By when? By whom?	Outcome: Success criteria/behaviour	Output: Success criteria/process or product	Monitoring:		
1. Strengthening whānau engagement with learning at home	Home/school partnership Sunshine classics reading programme/ RAZ Reading Reading Eggs Reading Together Class/Team Blogs	Class Teachers Team Leaders Students Whānau Bilingual workers	Use of Bilingual workers to assist teachers to inform whānau how to support learning at home 3 way goal setting conferences T1	Whānau/students can talk about their target students goals and achievements - Reading fluency and comprehension will improve			
2. Consolidate student voice considered in reading topics and materials.	Targeted purchasing from language budget based on student voice.	Classroom Teachers feed onto Literacy Team	Targeted students will make accelerated progress in their reading.	Teacher planning There is a strong focus on accelerating achievement, particularly for ELL learners Monitor student voice			
3. Formative Assessment Practice	<ul style="list-style-type: none"> •Shirley Clarke •MoE documents •TKI - Formative Assessment •VPS - shared Formative Assessment Folder •OnLine ELL Modules PD Senior Team - Term 1 •PD through CoL 		Evidence of formative assessment practices will be visible in all classes, consolidate use of Learning Intentions and development of Success Criteria, develop the effective use of feedback/feedforward strategies strategies and questioning	Students will be able talk about what they are learning and how they are learning it - Assessment Capable Evidence of feedback/feedforward in classroom			

	<ul style="list-style-type: none"> •Ongoing Collaborative Classroom programme evaluations •Teacher Inquiries •PaCT Tool •2017 Classroom walkthroughs 		Teacher capability added to	conversations, displays and books	
4. Introduce PaCT Reading			Teachers will use PaCT tool to assist with determining reading achievement	Consistent reading OTJ Increased teacher capability	
Evaluation: Action 1: Action 2: Action 3:					

Strategic Goal 1: To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

All students are able to effectively access the New Zealand Curriculum / Te Marautanga as evidenced by improvements in achievement and progress against National Standards / Ngā Whanaketanga

Nelson City Community of Learning (CoL) Achievement Challenges - Writing:

1. Writing: At the end of 2015, 70% (816/1,142) of boys achieved at or above the National Standard. Our challenge is to raise boys' achievement from 70% achieving at or above to 85% in 2017.
2. Writing: At the end of 2015, 70% (243/311) of Māori akonga/students achieved at or above the National Standard. Our challenge is to raise Māori akonga/student achievement from 70% achieving at or above to 85% in 2017.

1. Victory Primary School Annual Objective(s):

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga.

What evidence data shows

Baseline Data: Analysis of school wide writing data in November 2016 identified 62/151 (41%) boys, and 48/134 (36%) ELL achieving below expectation. Of the total cohort of (2016) boys, 66/152 (44 %) and 69/134 (52%) ELL reached expected achievement levels. 23/152 (15%) boys and 17/134 (13%) ELL were well below the National Standard for their year. Analysis of school wide writing data in November identified 15/27 (56%) Māori boys and 48/134 (36%) ELL achieving below expectation. Of the total cohort of 2016 Māori boys, 9/27 (33%) and 69/134 (52%) ELL reached expected achievement levels, 3/27 (11%) Māori boys and 17/134 (13%) ELL were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Teachers' reflection:

Teacher capability will be enhanced with the continued use of the PaCT tool and ongoing strengthening of formative assessment practices

Writing Target:

All Year 4 Boys 12/22 (55%), All Year 5 Māori Boys 8/12 (67%), All Year 6 ELL 10/24 (42%) who were below the standard at the end of 2016, will make more than one year's progress in relation to the writing standard at the end of the next year.

Term 1:		Term 2:		Term 3:		Term 4:	
Implementation / Action (What we will do)				Evaluation (How will we know if we are succeeding?)			
Action:	Resources:	By when? By whom?	Outcome: Success criteria/behaviour	Output: Success criteria/process or product	Monitoring:		

<p>1. Analyse and reflect on the year-end data to inform progress and planning for this year.</p>	<p>Time allocated in November / early December to analyse and reflect. Etap data entered PaCT writing tool</p>	<p>Principal Leadership team</p>	<p>Data will reflect the accelerated progress and achievement of the target students.</p>	<p>The process for monitoring and reflecting on the accelerated progress will have ensured the target group are supported as much as possible throughout the year.</p>	
<p>2. Monitoring meetings to discuss progress of target students.</p>	<p>Time allocated at the start of Team Meetings SLT overview</p>	<p>Monthly Team leaders Teachers</p>	<p>Leaders will know how to facilitate conversations with teachers to build evaluative capability in relation to using assessment evidence collected for target students to inform planning for teaching and learning</p>	<p>Tracking system Teachers ongoing judgement Evidence informing judgements Scripts for termly tracking conversations Minutes from tracking conversations and team meetings</p>	
<p>3. Inquiry into effective teaching of of writing and ensure the development of pedagogy is consolidated into practice. Ongoing Classroom Practice Evaluation</p>	<p>Time allocated in Team Meetings On line ESOL PLD Senior Team Col PD - ELL writing strategies Student Voice gathered PaCT writing tool</p>	<p>PLG leader Teams Classroom teachers</p>	<p>Evidence of formative assessment practices will be visible in all classes Teachers evaluating own practice tweaking to ensure accelerated learning occurs</p>	<p>Share ideas and examples within teams Teachers are motivated to share their practice and have professional conversations. Akonga know goals and next learning steps</p>	
<p>Evaluation: Action 1: Action 2: Action 3:</p>					

Strategic Goal 1: To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

All students are able to effectively access the New Zealand Curriculum / Te Marautanga as evidenced by improvements in achievement and progress against National Standards / Ngā Whanaketanga

Nelson City Community of Learning (CoL) Achievement Challenges - Mathematics:

Maths: At the end of 2015, 79% (894/1,136) of girls achieved at or above the National Standard. Our challenge is to raise girls achievement from 79% achieving at or above to 85% in 2017.

Maths: At the end of 2015, 70% (219/311) Māori ākonga/students achieved at or above the National Standard. Our challenge is to raise Māori ākonga/student achievement from 70% achieving at or above to 85% in 2017.

Victory Primary School Annual Objective(s):

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga

What evidence data shows

Baseline data: Analysis of school wide maths data in November identified 20/46 (44%) Year 3 ākongā achieving below expectation. Of the total Year 3 cohort 2016, 22/46 (48%) of ākongā reached expected achievement levels. 4/46 (9%) were well below the National Standard for their year.

Baseline data: Analysis of school wide Year 3 maths data in November identified 10/18 (56%) of ELL ākongā and 7/18 (39%) NZE ākongā achieving below expectation. Of the total cohort of ELL ākongā 5/18 (28%) and NZE 10/18 (56%) and Māori ākongā 7/9 (78%) reached expected achievement levels, and ELL ākongā 3/18 (17%) and NZE ākongā 1/18 (6%) were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Teachers' reflection: All teachers will teach reading comprehension strategies within maths contexts to support students understanding of maths problems. All teachers will specifically teach required maths vocab. Focus on conceptual language (prepositions, ordinal vocab, etc).

Mathematics Targets:

All Year 4 ELL ākongā 10/18 (56%), NZE 7/18 (39%), Māori 2/9 (22%) and MELAA 1/1 (100%) who were below the standard at the end of the year will make more than one year's progress in relation to the maths standard at the end of the next year ✓

<p>Evaluation Term 1: 1:</p>					

Strategic Goal 1: To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

Nelson City Community of Learning (CoL) Achievement Challenges - Tuhituhi:

Tuhituhi: At the end of 2015, 42% (36/85) of akonga/students achieved at or above Nga Whanaketanga. Our challenge is to raise akonga/student achievement from 42% achieving at or above to 85% in 2017.

Victory Primary School Annual Objective(s): Tuhituhi

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga

What evidence data shows

Baseline data: Analysis of school wide tuhituhi data in November identified 35/64 (55%) Māori ākonga achieving below expectation. Of the total cohort (2016) Māori ākonga, 26/64 (41%) of Māori ākonga reached expected achievement levels. 3/64 (4%) were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Teachers' reflection: Writing samples showed students in the group often struggled to use language that is appropriate to the topic, audience and purpose. This indicates the need to inquire into to the effective teaching of expressive, academic and subject specific vocabulary.

Tuhituhi Targets:

All Māori ākonga 26/62 (42%) who were *below* the standard at the end of the year will make *more than one year's* progress in relation to the tuhituhi standard at the end of the next year.

Term 1:			Term 2:			Term 3:			Term 4:		
Implementation / Action (What we will do)						Evaluation (How will we know if we are succeeding?)					
Action:		Resources:		By when? By whom?		Outcome: Success criteria/behaviour		Output: Success criteria/process or product		Monitoring :

<p>Evaluation:</p> <p>Action 1:</p> <p>Action 2:</p> <p>Action 3:</p>					

Strategic Goal 1: To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

Nelson City Community of Learning (CoL) Achievement Challenges - Pāngarau:

Pāngarau: At the end of 2015, 79% (115/145) Māori ākonga/students achieved at or above Ngā Whanaketanga. Our challenge is to raise Māori ākonga/student achievement from 79% achieving at or above to 85% in 2017.

Victory Primary School Annual Objective(s): Pāngarau

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga

What evidence data shows

Baseline data: Analysis of school wide pāngarau data in November identified 13/64 (20%) Māori ākonga achieving below expectation. Of the total cohort of Māori ākonga, 50/64 (78%) of Māori ākonga reached expected achievement levels. 1/64 (1%) were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Pāngarau Target:

All Māori ākonga 12/62 (19%) who were *below* the standard at the end of the year will make *more than one year's* progress in relation to the pāngarau standard at the end of the next year.

Term 1:		Term 2:		Term 3:		Term 4:

NAG2A - Ngā Whanaketanga Reporting

NAG2A(b)(i) - Strengths and identified areas for improvement

Panui & Pangarau are both areas that have shown high levels of attainment

We need to continue to develop our teaching and learning practices in Reo Whakaputa - Korero me te Tuhituhi and building our capability in teaching as inquiry in a Maori medium setting

Continue to seek professional learning development opportunities for Te Reo Matatini

In 2016 we worked on aligning our Korero programme with our Tuhituhi

In 2017 we will continue to develop and use formative assessment practices and aromatawai tools consistently In 2017 we will aim to use TWA across all strands including all 3 in pangarau

NAG2A(b)(ii): The basis for identifying areas for improvement

Data

Strategic aims of the kura

Whanau & community need for development of te reo Maori Termly syndicate analysis of AoV

Mid/End of year syndicate evaluation

Teacher feedback

Nelson CoL

NAG2A(b)(iii): Planned actions for lifting achievement

Participation in the CoL

Teaching Inquiry - Tuhituhi target group

Tuakana/Teina tuhituhi group

Collaborative teaching practices

Formative assessment practices - SAF

2nd Language Acquisition teaching strategies i.e. vocabulary development, grammar, uency, Use of technology to enhance teaching & learning

Explicitly linking tuhituhi & korero programmes

Whanau engagement - Wananga Takitoru, Storypark, Runanga Matua, Whanau Curriculum evenings (termly),

The school population includes a number of students who are English Language Learners (ELL) who may not yet be making marked progress in relation to *The New Zealand Curriculum* National Standards.

This reporting provides further information about ELL progress in relation to the ELL Progressions for reading, writing, speaking or listening.

			<i>Listening</i>	<i>Reading</i>	<i>Speaking</i>	<i>Writing</i>
ELLP Stage End 2016	18 (3%)	Stage 4	4	6	4	4
	74 (12%)	Stage 3	22	23	17	12
	133 (22%)	Stage 2	33	46	35	19

	230 (39%)	Stage 1	66	49	62	53
	145 (24%)	Foundation Stage	25	26	32	62
Total Number of Students 150			150	150	150	150
			Foundation Stage	Stage 1	Stage 2	Stage 3
ELLP Stage End 2014	Total no. of students	110	31%	37%	27%	2%
ELLP Stage End 2015	Total no. of students	117	113 (24%)	167 (36%)	129 (27%)	5 (2%)

The data provided in the table above shows the progress these students are making in relation to the ELL Progressions.

Additional Comments: 2016

- Our 150 ELL group is comprised of 134 (90%) Asian students mainly from refugee backgrounds and NZ Born students of parents from Refugee backgrounds
- This group has steadily increased from 85 (29%) students in 2013 to 134 (46%) in 2016 - our school roll has remained around 300 students
- The percentage of foundation students has remained at a similar level, however numbers have increased significantly - 32 additional foundation students
- The percentage of Stage One (early literacy) has risen slightly, however again numbers have increased significantly - 70 more in the early stages of literacy dev.
- Stage 2 remains at similar numbers and percentages
- We have made big gains in Stage 3 with 74 (12%) students having mastered some aspects of literacy disciplines

This reporting provides further information about ELL progress in relation to the ELL Progressions for reading, writing, speaking or listening.

Reporting commentary on students in years 1 to 8 that use *The New Zealand Curriculum*.

Date: 24 /2 /2017

School name: Victory Primary School

School number: 3231

NAG2A (b)(i) Areas of strength

Reading (2017)

Discussion:

65% (189/291) are achieving at or above the National Standard for Reading.

Achievement at this level has remained at a similar level during the past 4 years (2013 (65%), 2014 (62%), 2015 (66%), 2016 (65%) as we continue to track towards the NZ national profile - 2015 (78%), which represents a drop of 4% from 2014 profile of (82%).

Our school profile has shown a significant increase in the numbers of students where English is their second language during this time - 2013 - 85 students (29%), 2014 - 105 students (35%), 2015 - 121 students (41%) and 2016 - 134 students (46%). The majority of our ELL are from refugee

backgrounds or students born in NZ to parents from refugee backgrounds. Our data confirms high levels of these students are working in the foundation or early stages of literacy learning requiring expert teaching to accelerate progress to meet the demands of the curriculum at the appropriate levels.

While a student in the senior part of the school may be considered not to have met the National Standard appropriate to their year group, they may have only been in a formal education system and learning English for a short time and have achieved the standard for three or four years at school. This level of achievement indicates accelerated progress and is seen as a success.

End of Year 4 data showed: At and Above students - NZE 13/15 (87%), Māori 12/14 (85%), Asian 17/20 (85%)

End of Year 5 data showed: At and Above students - NZE 11/14 (79%), Māori 7/9 (78%), Asian 9/24 (37%)

In 2017 we will continue to consolidate our practice in the following ways:

- On going collaborative evaluation of classroom programmes which are designed to
- Senior team will complete MOE funded On-Line PLD teaching ELL
- ELL PD through CoL
- Target a group of Year 6 ELL through teacher inquiry process

NAG2A (b)(i) Areas for improvement

Writing (2017)

Discussion:

53% (154/289) of our EM students are At or Above.

This percentage has remained similar over the last several years, but is tracking down from (54% in 2015)

We note the NZ profile based upon 2015 data has also tracked down (2014 (79.2%) and 2015 (72%) and we believe the implementation of the PaCT tool across the country may be impacting upon this national result.

In 2017 Class teachers will participate in the collaborative review of their classroom writing programmes using a template evaluated by teams in 2016. This evaluation is aimed to strengthen professional knowledge, conversations and pedagogy, including formative assessment development. We will continue to ensure all teachers are familiar with and are confident using the progressions documents relevant to their areas ie either EM or MM. We will also obtain PD through CoL to support teaching and learning of our early stage English Language Learners. The senior team will participate in on-line ELL PD to support their ELL students, particularly those at early stage of literacy development.

Regular teaching as inquiry monitoring meetings (termly tracking hui) to discuss progress of target students as part of regular team meetings will continue to be the catalyst for the sharing of effective practice across the whole school. Strategies identified as being successful will be incorporated into ongoing classroom practice evaluation template.

The PaCT tool will continue to support consistent and reliable teacher OTJ's, along with building teacher capability as they develop greater familiarity with the aspects and stages

In 2017 we are targeting All Year 4 Boys 12/22 (55%), All Year 5 Māori Boys 8/12 (67%), All Year 6 ELL 10/24 (42%) who were below the standard at the end of 2016

NAG2A (b)(ii) Basis for identifying areas for improvement

Discussion:

We are not satisfied with the writing levels of achievement that our data shows, particularly for the following cohorts:

- Boys who have been at school for 3 years, with only 7/22 (32%) at or above. We will target a group of 12 boys who achieved below the expected standard (Māori 2/4 (50%), Asian 4/6 (67%), NZE 6/11 (55%).
- Boys who had been at school for 4 years show 18/32 (56%) at or above. We will target a group of 8 Māori boys who achieved below the expected standard 8/12 (67%)

•ELL Year 5 students showed 9/24 (38%) at or above. We will target a group of 10/24 (42%) students who achieved below the expected year group standard. All of these students are from the refugee background with having arrived within the past years

NAG2A (b)(iii) Planned actions for lifting achievement

Discussion:

- All teachers are participating in ongoing Collaborative Evaluations of their classroom programmes - Team leaders
- Teacher inquiries to focus on formative assessment strategies
- Termly tracking of target students
- Use of BLW to support communication between school and home in awareness of student goals and ways to help at home - individual goals with feedback from whānau and students termly for ELL target students
- MOE on line ELL PD for senior team
- Teachers working together in Pods in senior school - Innovative Learning Environment approach - collaborative planning and teaching
- Introduce PaCT reading Tool
- RTLB to support Tuakana/Teina programme development as necessary
- Target group to be monitored, achievement actions to follow inquiry process

NAG2A (b) (iv) Progress Statement

Discussion:

Our student achievement result for the National Standard in writing shows this is an area we need to focus on. However students still made progress towards achieving the standard. 153/291 (53%) have achieved the standard, 138/291 (47%) have not achieved the standard. This remains a target for our school.

Analysis of Variance - Tātaritanga Raraunga

Tātaritanga Raraunga/Analysis of Variance 2016

Ingoa o te kura/School Name: Victory Primary School

Te kura nama/School Number: 3231

Whāinga rautaki/Strategic Aim: Ako

To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

1. Annual Objective(s):

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga in reading

What evidence data shows

Baseline data: Analysis of school wide reading data in November identified 36/121 (29.8 %) of English Language Learners (ELL) achieving below expectation. Of the total cohort of ELL (2015) ākonga, 67/121 (55.4%) reached expected achievement levels. 18/121 (14.9%) were well below the National Standard for their year.

Analysis of school wide reading data in November identified 5/20 (25%) Year 5 ELL ākonga achieving below expectation.

Of the total cohort of Year 5 (2015) ākonga, 8/20 (40%) reached expected achievement levels. 7/20 (35%) were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Teachers' reflection: Four of the well-below students had arrived in NZ within the last year. All of them are from refugee backgrounds. None of them have been born in NZ.

Reading Target:

All Year 6 ELL ākonga 5/20 (25%) who were *below* the standard at the end of the year will make *more than* one year's progress in relation to the reading standard at the end of the next year.

Actions (what did we do?)	Evaluation	Evaluation	Evaluation (where to next?)	Action Points (planning for next year)
	Why did it work? How do we know?	Why didn't it work? How do we know?		
1. Develop a Tuakana/Teina programme. Year 6 students are trained to work with Year 3 students for daily reading.	<ul style="list-style-type: none"> •Reading programmes utilised and promoted interaction with peers. •Students received consistent guided reading every day, with the teacher listening to students reading aloud. •Use of Bilingual workers to assist reading to translate concepts 	<ul style="list-style-type: none"> •Formal tuakana/Teina programme was not developed formally 	PaCT reading will be utilised - Transfer the skills learnt into the writing model	<ul style="list-style-type: none"> •Introduce PaCT Reading tool for schoolwide use to: <ul style="list-style-type: none"> -develop teacher capability -support consistency in OTJ in reading •Continue to upskill the students to work collaboratively and supportively each other (KIA TOA) and Formative Assessment Strategies •Use RTLB to deliver appropriate Tuakana Teina programme training to class teachers as required

2. Strengthening whānau engagement with learning at home

- Bilingual Workers helping whānua to support learning at home under teacher direction
- Online reading programmes Sunshine Classics and RAZ reading enabled whānau to support reading at home
- Term 1 goal setting hui with their students, parents and whānau..
- Term 3 conferences also
- Teachers gathered information about their students' interests to develop long term plans.
- Reading Together Programme

3. Consolidate student voice considered in reading topics and materials.

RAZ reading enables students to self select and check comprehension levels.

Student feedback has been 100% positive, they are able to self select material.

- Individual smart goals for ELL target students requiring student, and whānau feedback/voice

- Strengthen information and communication with/from whānau to support student learning and outcomes and encourage partnership with school

Ensure students understand the links between reading and writing

- Identify specific reading goals for ELL target students to enable BLW to support, obtain feedback from students and whānau (Individual plans in log books)

- BLW to support reading by translating concepts

- Continue to establish powerful relationships with whānau - include this dimension in inquiry into teaching practices template

- Specific SMART learning goals for ELL target students shared with whānau

- Online reading support - RAZ and Sunshine

- Continue with 3 way goal setting conferences in Term 1 and again in Term 3

- Develop school ELL blog where BLW/teachers can post -encourage whānau to comment in first language

- Develop list of useful site/apps to support learning at home - link to blog

- ELL Whānau information hui termly

- Reading Together Programme

- Deliberate teaching of reading across curriculum and using student responses to reading and their ability to organise their thinking as indicators of mastery.

- Continue subscription to RAZ reading for senior ELL students and some middles as

4. Formative Assessment Practice

- Clear learning goals shared with students along with time to unpack the text over several days to explore vocabulary, meanings and structure
- Classroom teachers are using modelling books to record observations and to record the students' thinking.
- Student work samples gathered

Target students not always clear of the learning intention or success criteria.

- 1:1 supports for target students to understand and use LI, SC and goal setting so they know where they are going and can recognise their successes
- Responses in writing be used to monitor progress and understanding in both reading and writing.

needed (Foundation/early learners)

- Obtain ELL target student voice termly- Individual Action Plans
- Continued consolidation of formative assessment practice - esp writing clear LI and SC. Teacher to use the inquiry process to focus on an area/strategy of choice to strengthen their teaching practice
- Ensure learners understand the links between reading and writing
- Explicit teaching of reading comprehension strategies including use of think alouds to model desired comprehension behaviours.
- 1:1 support for target students to help know where they are going and recognise their success.
- Teachers to:
 - participate in collaborative sharing of Classroom Reading Programme evaluation
 - provide daily guided reading for ELL foundation students
 - focused teaching vocab, meaning, structure
 - Razz Reading/Sunshine to support mileage, phrasing, fluency and pronunciation for foundation ELL akōnga
 - use of modelling books to record observations and to record the students' thinking and voice

Ingoa o te kura/School Name: Victory Primary School

Te kura nama/School Number: 3231

Whāinga Rautaki/Strategic Aim: Ako

All students are able to effectively access the New Zealand Curriculum / Te Marautanga as evidenced by improvements in achievement and progress against National Standards / Ngā Whanaketanga Rūmaki Māori

Nelson City Community of Learning (CoL) Achievement Challenges - Writing:

1. Writing: At the end of 2014, 20.89% (226/1082) of boys achieved below and well below the National Standard. Our challenge is to raise boys' achievement from 79.11% achieving at/above, to 85.11% in 2017.
2. Writing: At the end of 2014, 37.94% (129/340) of Māori ākonga/students achieved below and well below the National Standard. Our challenge is to raise Māori ākonga/student achievement from 62.06% achieving at/above, to 85% in 2017.

1. Victory Primary School Annual Objective(s):

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga.

What evidence data shows

Baseline data: Analysis of school wide writing data in November identified 75/162 (46.3%) boys achieving below expectation. Of the total cohort of (2015) boys, 69/162 (42.6%) of boys reached expected achievement levels. 18/162 (11.1%) Māori ākonga were well below the National Standard for their year.

Analysis of school wide writing data in November identified 20/55 Māori ākonga (36.4%) boys achieving below expectation. Of the total cohort of (2015) boys, 31/55 (55.3%) of boys reached expected achievement levels. 4/55 (7.3%) Māori ākonga were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Teachers' reflection: Consistency of writing moderation across the syndicate needs development in 2015.

Writing Target:

All Boys 50/138 (36%) who were *below* the standard at the end of the year will make *more than* one year's progress in relation to the writing standard at the end of the next year.

Actions (what did we do?)

Why did it work?
How do we know?

Why didn't it work?
How do we know?

Evaluation (where to next?)

Action Points (planning for next year)

<p>1. Analyse and reflect on the year-end data to inform progress and planning for this year.</p>	<ul style="list-style-type: none"> •Data analysed, targets developed with input from teams. •Shared with teams at the beginning of term 1 •Targets on display 		<ul style="list-style-type: none"> •Implementation of specific teaching/learning strategies to support target students achievement-class teachers 	<ul style="list-style-type: none"> •Curriculum/Middle leaders to provide resources/reading to support teaching/learning/achievement of target group. •Leadership to regularly monitor target group progress-inquiry process
<p>2. Monitoring meetings to discuss progress of target students.</p>	<p>60 % of whole school target group Progress tracked and reported on termly</p> <p>Targeted teaching is happening with a specific focus.</p> <p>Teachers are monitoring their student's' progress on tracking sheets.</p> <p>Syndicate Leaders are regularly reporting back to the Syndicate Leadership Team regarding the progress of the target students.</p> <p>Target students know their learning goal and next steps for learning. Therefore, they are more focused and motivated to write and progress.</p> <p>Teachers are providing students with the opportunity to share and celebrate their writing. For example, classroom blogs, school newsletter, syndicate assemblies.</p> <p>Teachers are explicit in their learning intentions and have co-constructed the success criteria with their students. Teachers are evaluating their own own teaching and making the necessary changes to ensure accelerated learning occurs.</p>	<ul style="list-style-type: none"> •Achievement of 40 % students was not part of termly tracking •Specific PD not delivered to support teaching/learning of whole target group 	<ul style="list-style-type: none"> • Leadership to provide PD, readings to support teaching/learning for target area 	<ul style="list-style-type: none"> •Second language acquisition strategies Col PD •Progress of target students to be monitored by leadership

3. Inquiry into effective teaching of writing and ensure the development of pedagogy is consolidated into practice.

- Termly tracking meetings
- Successful and unsuccessful strategies discussed within teams

- Sharing successful and unsuccessful strategies across teams

- Develop sharing system and opportunities for cross team conversations

- Successful strategies captured and developed into VPS writing practice expectations

- Ongoing collaborative evaluation of Classroom Programme Evaluations

- Continue to consolidate formative assessment practices through teacher inquiry process.

Teachers monitor their target student's progress on tracking sheets.

Syndicate Leaders report back to the Senior Leadership Team regarding the progress of the target students.

Teachers are providing students with the opportunity to share and celebrate their writing. For example, classroom blogs, school newsletter, syndicate assemblies.

4. Collaborate with team/across team to inform inquiries

More time is required

- Inquiries shared at team meetings 2x per term.
- Successful strategies shared across teams

- Share inquiry framework W3 - T1 2017
- Teams develop timelines for sharing inquiries - 3 times per term
- Develop school wide expectations for writing by evaluating Classroom writing programme templates annually Term 4

5. Portfolio of evidence to inform writing judgments developed

- Modelling books recorded observations and student thinking
- Cross curriculum examples obtained

- Teachers using Aromatawai schedule
- Writing modelling books to record observations and student thinking
- Cross curriculum examples to be obtained
- PaCT writing tool to used to inform OTJ's and teaching/learning programme

- PaCT tool introduced to staff
 - unpacked the curriculum content of writing
 - Prompted teachers to notice how students use reading and writing to support learning across the curriculum;
 - Illustrated the significant steps that learners took as they progressed in writing;
 - Supported moderation;
 - Informed teaching programmes;
 - Supported consistent overall judgments of student progress and achievement;

Teachers have completed a survey about PaCT.

Ingoa o te kura/School Name: Victory Primary School

Te kura nama/School Number: 3231

Whāinga Rautaki/Strategic Aim: Ako

To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

Nelson City Community of Learning (CoL) Achievement Challenges - Mathematics:

4. Maths: At the end of 2014, 23.18% (249/1074) of girls achieved below and well below the National Standard. Our challenge is to raise girls' achievement from 76.82% achieving at/above, to 85.82% in 2017.

5. Maths: At the end of 2014, 31% (41/133) Māori ākonga/students achieved below and well below the National Standard. Our challenge is to raise Māori ākonga/student achievement from 69% to 85% in 2017.

Victory Primary School Annual Objective(s):

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga in maths

What evidence data shows

Baseline data: Analysis of school wide maths data in November identified 43/121 (35.5%) ELL ākongā achieving below expectation. Of the total cohort of ELL ākongā 2015, 72/121 (59.5%) of ELL ākongā reached expected achievement levels. 6/121 (5 %) were well below the National Standard for their year.

Baseline data: Analysis of school wide maths data in November identified 12/55 (22%) Māori ākongā achieving below expectation. Of the total cohort of Māori ākongā 2015, 38/55 (69%) of Māori ākongā reached expected achievement levels. 5/55 (9 %) were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Teachers' reflection: All teachers will teach reading comprehension strategies within maths contexts to support students understanding of maths problems. All teachers will specifically teach required maths vocab. Focus on conceptual language (prepositions, ordinal vocab, etc).

Mathematics Targets:

All Year 5 ELL girls 7/12 (58%) who were *below* the standard at the end of the year will make *more than* one year's progress in relation to the maths standard at the end of the next year.

All Māori ākongā 4/40 (10%) who were *below* the standard at the end of the year will make *more than* one year's progress in relation to the maths standard at the end of the next Year.

Actions (what did we do?)

Why did it work? How do we know?

Why didn't it work? How do we know?

Evaluation (where to next?)

Action Points (planning for next year

1. Maths Assessment schedule to be implemented with what/when we need it

- Kaiako used the aromatawai schedule.
- Teachers trialling Basic Fact checker adapted by MST and PLG Leader - both these staff collecting at the end of each term to track strengths and Next Learning Steps

- Consistency in teachers knowing the maths stages for their students along with the knowledge and skills needed for the stage above and stage below.

- All Teachers using aromatawai schedule
- Teachers using the basic facts checker
- Teachers trial number tracking sheet

2. Ensure developing pedagogy is consolidated into practice.

- Teachers shared classroom maths programmes to collaborate and share professional knowledge and pedagogy
- Year 5 ELL girls - All but one student received MST instruction in 2016. Of the

- Teachers are confident in preparing and delivering an effective class maths programmes including displaying their rich tasks

- Teachers sharing classroom maths programme evaluation with team for collaboration, pedagogy development and sharing professional knowledge. Successful strategies to support students include:

MST students, 2 have made a years' progress, 2 have made two years progress and the final 2 students have made an amazing four years progress in one year. All but one of these students has a PATm difference score of 8.1 to 14.5. These scores are well over the 6-6.9 that is identified as a year's' growth. The student who did not get MST has made two years progress through classroom targeted teaching.

Maori ākongā

All these students participated in the MST intervention in Term 3&4. The Year 3 student's OTJ was made before the MST intervention was finished and they are now working At the standard. 2 of the other students have made 2 years progress in one year and the remaining student has made little progress over the year and is now Well Below peers.

Strategies used to support students included:

- Exploring mathematical language and making connections to first language.
- Launching problems effectively and allowing students to understand / act out / draw the problem before solving the maths
- Using 'open' tasks that cater for a range of starting points or strategies
- Tasks that interest students and connect to real life
- Having materials free to use
- Developing a 'growth mindset' with students so they are will to try

- Exploring mathematical language and making connections to first language.
- Launching problems effectively and allowing students to understand / act out / draw the problem before solving the maths
- Using 'open' tasks that cater for a range of starting points or strategies
- Tasks that interest students and connect to real life
- Having materials free to use
- Developing a 'growth mindset' with students so they are will to try and develop self belief
- Using materials to solve mathematical problems

- Develop language support dictionaries for easy use in the classroom

- Continue developing a bank of 'open' tasks that teacher can use in the classroom

- 2017 MST2 intervention as appropriate

3.Walkthroughs by MST & Lead Teacher. Peer observations across classes

MST teacher worked in rooms with high numbers of MST students. Working in the class, supported the students in connecting MST work with class work and

Lack of time for walkthroughs - to be rescheduled in 2017

Teachers to be motivated to share their practice and have professional conversations to support student achievement

●Maths walkthroughs timetabled 2017

gave them an opportunity to seek more support in classroom activities.

4. Work with whānau around ways to support students' learning especially target students.

- Maths whānau hui twice
- Maths pack to support learning at home
 - B•LSWs have been participating in the MST groups which has helped break down language barriers. ʻBLSW who runs Saturday School has transferred knowledge learnt to her teaching here - hasn't been the need for visits to Saturday School.
- Classroom teachers adding links to Maths sites on class blogs, school reports for whānau to access
- School Newsletter Maths corner
 - Maths challenges for whānau to comp
 - Information for parents to help their child's mathematics
- Information booklet given to parents at Hui that details the stage strategies and other key knowledge students need in Mathematics at each year level as well as games and ways parents can help at home.

- BLW to support ELL target maths students with MST

- Maths sites on class blogs

School Newsletter Maths corner

- Maths challenges for whānau to comp
- Information for parents to help their child's mathematics

- Maths whānau hui to provide Information booklet that details the stage strategies and other key knowledge students need in Mathematics at each year level as well as games and ways parents can help at home.

Ingoa o te kura/School Name: Victory Primary School

Te kura nama/School Number: 3231

Whāinga rautaki/Strategic Aim: Ako

To develop adaptive, creative thinkers who apply their learning throughout their schooling and beyond, in order to achieve to their potential in relation to National Standards/Ngā Whanaketanga.

Nelson City Community of Learning (CoL) Achievement Challenges - Tuhituhi:

3. Tuhituhi: At the end of 2014, 51% (40/79) of ākonga/students achieved below and well below Ngā Whanaketanga. Our challenge is to raise ākonga/student achievement from 49% to 85% achieving at/above, to 85% in 2017.

Victory Primary School Annual Objective(s):

1.1 Accelerate the progress and achievement of students below National Standards/ Ngā Whanaketanga

What evidence data shows

Baseline data: Analysis of school wide tuhituhi data in November identified 29/69 (42%) Māori ākonga achieving below expectation. Of the total cohort (2015) Māori ākonga, 35/69 (51%) of Māori ākonga reached expected achievement levels. 5/69 (7%) were well below the National Standard for their year.

Evaluation of evidence data identifying aspect to focus on

Teachers' reflection: Writing samples showed students in the group often struggled to use language that is appropriate to the topic, audience and purpose. This indicates the need to inquire into to the effective teaching of expressive, academic and subject specific vocabulary.

Tuhituhi Targets:

All Māori ākonga 29/69 (42%) who were *below* the standard at the end of the year will make *more than* one year's progress in relation to the tuhituhi standard at the end of the next year.

Actions (what did we do?)	Why did it work? How do we know?	Why didn't it work? How do we know?	Evaluation (where to next?)	Action Points (planning for next year)
1. Analyse and reflect on the year-end data to inform progress and planning for this year.	Kaiako use the aromatawai schedule. The aromatawai that is to be assessed is discussed at syndicate hui. Term 4 the whānau syndicate using the maths checklist developed by Glenda. Miranda inputted the Māori aromatawai. Kaiako using taumata pāngarau		Assess to all whenu	Putting data into the Waharoa for all whenu

2. Monitoring/inquiry hui to discuss progress of target students.

We will develop this in 2017. Our focus was tuhituhi in 2016

To develop in 2017

3. Develop consistency of practice across the team in tuhituhi. Consolidate the links between kōrero and tuhituhi. Embed second language acquisition strategies

Develop kaiako use of resources at stage 4 to 5

Develop stage 4 to 5 teaching strategies & knowledge
Use EM basic facts tracker
Use pāngarau checklist - teaching & learning strategies
Kaiako to track on the Aromatawai schedule

Actions (what did we do?)

Evaluation

Evaluation

Evaluation (where to next?)

Action Points (planning for next year)

**Why did it work?
How do we know?**

**Why didn't it work?
How do we know?**

1. Gather evidence of current reality to focus inquiry

Team leaders building capability of teams to do this

SLT to build capability further formative assessment
Possible SAF project on Instructional Capability

Strengthen culture of continuous improvement
Formative assessment practices across the school are to be developed further.

2. Co-construct criteria for behaviour expectations

PB4L team developed planning for behaviour lessons

Lessons created by teams from the Expectations Matrix. This has evolved, the expectations and lessons are now planned during a staff meeting at the start of the term. This will continue in 2017

Expectations and lessons to be developed further at staff hui

3. Identify teaching strategies to reinforce tier 1 behaviours

Deliberate teaching of PB4L behaviours

The lessons produced were introduced at the Kia Toa Assembly, via the daily notices and then taught in the classroom. During Term 4 PB4L coach & leader observed Kia Toa lessons being delivered in the classrooms.

Kia Toa tickets to be developed in all settings to reinforce expected behaviours.
Staff meetings to be focused around teaching strategies to reinforce tier 1 behaviours. Staff meetings - PB4L/KIA TOA - Check In Check Out, PB4L - minor/major flow chart/Data input, active Supervision, rewards, minor, major behaviours.
